🪪 PROFILE

Software Engineer with over 2 years of experience in web development, specializing in Java, Python, Angular, and React. Proven expertise in building enterprise applications, improving UI/UX, and automating workflows to enhance efficiency. Developed automation tools at Capgemini and a stock portfolio web app for real-time tracking. Currently pursuing an MSc in Web Engineering at TU Chemnitz, focusing on cloud computing and scalable web solutions. Fluent in English (C1) and improving German (B1).

🎸 INTERESTS

- Learning German and participating in language exchange programs
- Attending tech conferences and networking events

📑 CERTIFICATES

- AWS Certified: Cloud Practitioner
- Capgemini: Entry-Level Developer
- AWS Certified: Generative AI Essentials
- Coursera: Agile Software Development

🌐 LANGUAGES

- English (C1 - IELTS)
- German (A2 - Learning B1)

💼 PROFESSIONAL EXPERIENCE

Capgemini
Software Analyst
09.2022 – 05.2024 | Pune, India
Enterprise Application Development (Java, Spring Boot, REST APIs)
- Developed and maintained scalable enterprise applications, **reducing API response time by 30%** and enhancing system performance.
- Optimized SQL queries, **decreasing database query time by 40%**, leading to faster data processing.

Automation Tool Development (JIRA & ServiceNow Integration)
- Developed an automation tool that **reduced manual task synchronization by 50%**, enhancing workflow efficiency.
- Improved task tracking efficiency, reducing manual effort and increasing workflow automation.

Business Intelligence & Data Visualization (Power BI)
- Created dynamic Power BI dashboards, leading to **20% faster decision-making** based on real-time insights.

Capgemini
Trainee Software Developer
01.2022 – 04.2022 | Pune, India
Microservices-Based Enterprise Applications (Java, Angular)
- Developed microservices-based applications ensuring seamless system communication via REST APIs.
- Created and maintained technical documentation for development teams and stakeholders.

Cloud-Based Testing & Optimization (AWS, Citrix, O365)
- Worked with cloud-based testing environments, optimizing performance and system scalability.

Neuronode Technologies Pvt. Ltd.
Software Development Intern
07.2021 – 09.2021 | Pune, India
Stock Portfolio Web App Development (Python, Streamlit, Quandl API)
- Developed a web app to fetch real-time and historical stock data, enabling better investment tracking.
- Designed custom filtering and sorting functionalities for an enhanced user experience.

🎓 EDUCATION

Master of Science in Web Engineering
Technische Universität Chemnitz
10.2024 – present | Chemnitz, Germany
Key Competencies: Database & Object Orientation | Advanced Data Management | Cloud Web Applications | Current Trends in Web

Bachelor of Engineering in Computer Engineering
Savitribai Phule Pune University
07.2018 – 04.2022 | Pune, India
Key Competencies: DBMS | Object-Oriented Programming | DSA | Data Science

🧠 DIGITAL SKILLS

Programming & Development: Java | Python | C++ | Angular | React | Spring Boot | REST APIs | Backend & Frontend Development
Database & Data Management: SQL | MongoDB | Oracle | Power BI | Data Engineering
Cloud & Infrastructure: AWS (Certified Cloud Practitioner) | Docker | Kubernetes | Microservices Architecture |
Collaboration & Problem-Solving: Agile & Scrum Methodologies | Cross-functional Team Collaboration | Technical Documentation & Reporting
Testing & Quality Assurance: Test Automation | Performance Monitoring (Datadog) | Debugging & Optimization
